LifeWave Presents \$5,000 Check To Local Red Cross

WEST PALM BEACH, Fla. (June 16, 2011) — The local office of the national company, LifeWave recently donated \$5,000 to the American Red Cross to support the 2011 Spring Storms relief effort. LifeWave has been a supporter of the American Red Cross for the last six years later, supporting the organization locally and in response to national and international disasters, including the 2010 Earthquake in Haiti.

Thomas Burke, LifeWave Advisory Board Member said, “When disaster strikes anywhere, around the globe, the American Red Cross is the most trusted humanitarian name in the world, providing food, clothing and emotional support in the aftermath.”

Since the end of March, the Red Cross has initiated 42 disaster relief operations in 29 states. More than 12,000 Red Cross workers have served millions of meals and snacks, provided tens of thousands of overnight stays in shelters, and distributed more than a million relief items like toothbrushes and shampoo, tarps, coolers, rakes and other cleanup supplies

For more information about how you can help the Red Cross down the street, across the country or around the world, visit www.pbteredcross.org or call (561) 833-7711.

###

About the American Red Cross:

The American Red Cross shelters, feeds and provides emotional support to victims of disasters; teaches lifesaving skills; provides international humanitarian aid; and supports military members and their families. The Red Cross is a charitable organization — not a government agency — and depends on volunteers and the generosity of the American public to perform its mission. For more information, please visit www.pbteredcross.org.

About LifeWave:

LifeWave manufactures and distributes alternative, natural, safe and effective drug-free patches that target rapid relief of aches and pains of the joints, back and knees; improve sleep; increase energy; strengthen the immune system; and also has dramatic benefits in anti-aging and aids in weight loss. LifeWave is headquartered in La Jolla, California, and maintains an independent satellite office in Palm Beach County.
